| Setup Web Browser EnC Notifications .....    | Error! Bookmark not defined. |
| Access EnC Web Portal .....                  | Error! Bookmark not defined. |

## Setup the Windows PC for Notifications

- Recommended to set the *Focus assist* to **OFF**

- Click on *Manage notifications*

- Make sure the following recommended settings are set.

## Setup Web Browser EnC Notifications

- I) Copy and paste below in browser (Chrome /Edge).

<chrome://flags/#unsafely-treat-insecure-origin-as-secure>

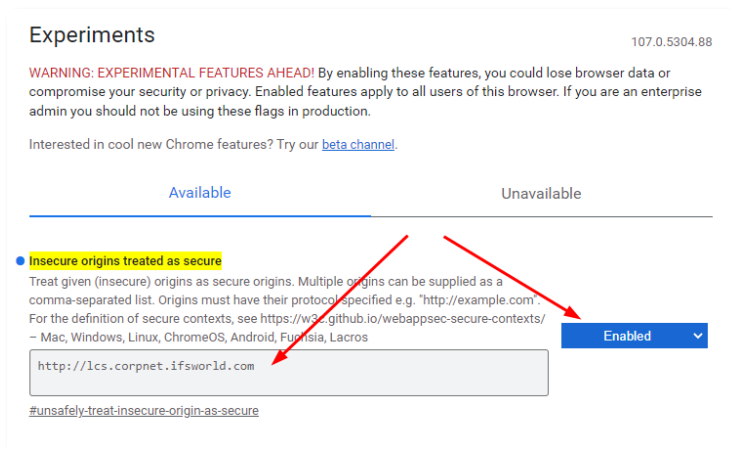

<edge://flags/#unsafely-treat-insecure-origin-as-secure>

- II) Under '*Insecure origins treated as secure*', copy and paste the LCS web URL, and it set to **Enabled**

<http://lcs.corpnet.ifsworld.com>

Or if Autopilot users, then

<http://support.ifsworld.com>

- III) Click on the '**Relaunch**' after the above settings. This will restart the browser.

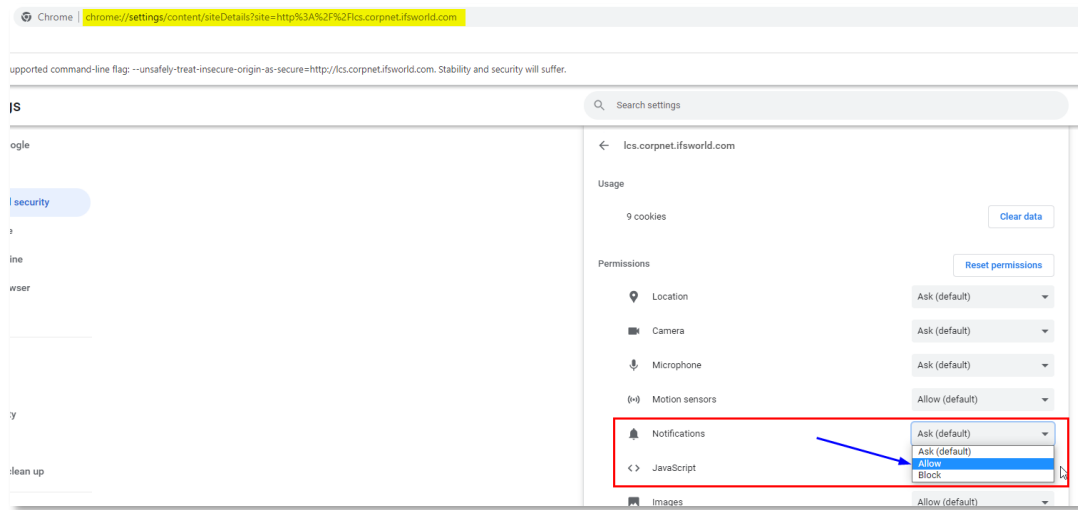

- IV) Go to the EnC Dashboard via LCS web and **Allow** notifications.

- a. If the site didn't ask for permissions, you might check and allow notifications manually using the below URI via the browser.

<chrome://settings/content/siteDetails?site=http%3A%2F%2Ffcs.corpnet.ifsworld.com>

<edge://settings/content/siteDetails?site=http%3A%2F%2Ffcs.corpnet.ifsworld.com>

## Access EnC Web Portal

Recommending to access EnC web via Corporate Search new tab.

**Important:** Notification will not work if your EnC VIEW name was changed during the import. The view should contain the default name: **GLOBAL\_ENC**
