

## Steps to Enable Browser Notifications for Corporate Search extension processes

### Contents

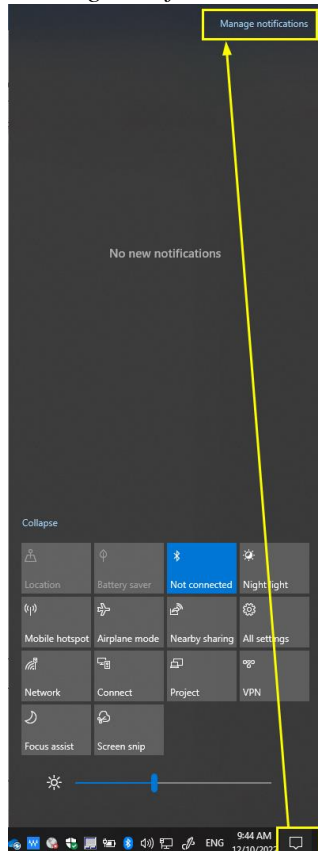

Ready the Windows PC for Notifications .....	1
For EnC Notifications.....	2

### Ready the Windows PC for Notifications

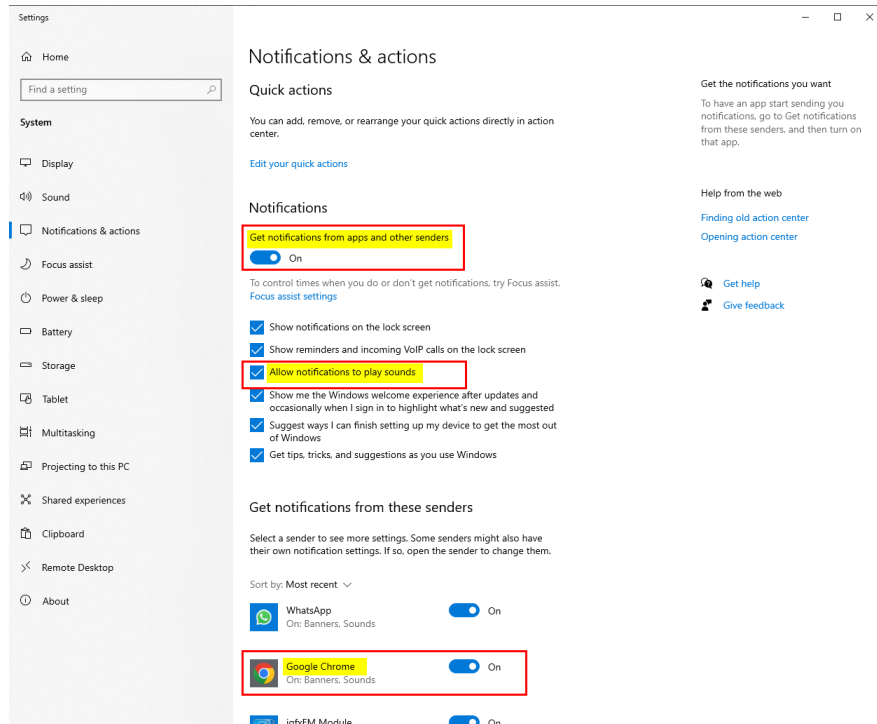

- Recommended to set the *Focus assist* to **OFF**

- Click on *Manage notifications*

- Make sure the following recommended settings are set.

## For EnC Notifications

- I) Copy and paste below in browser (Chrome).

<chrome://flags/#unsafely-treat-insecure-origin-as-secure>

- II) Under '*Insecure origins treated as secure*', copy and paste the LCS web URL, and it set to **Enabled**

<http://lcs.corpnet.ifsworld.com>

## Experiments

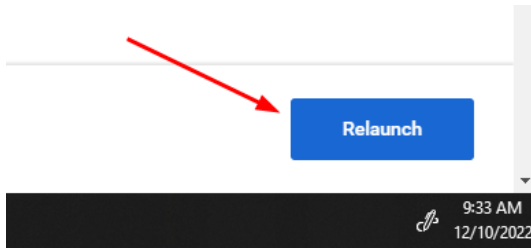

107.0.5304.88

**WARNING: EXPERIMENTAL FEATURES AHEAD!** By enabling these features, you could lose browser data or compromise your security or privacy. Enabled features apply to all users of this browser. If you are an enterprise admin you should not be using these flags in production.

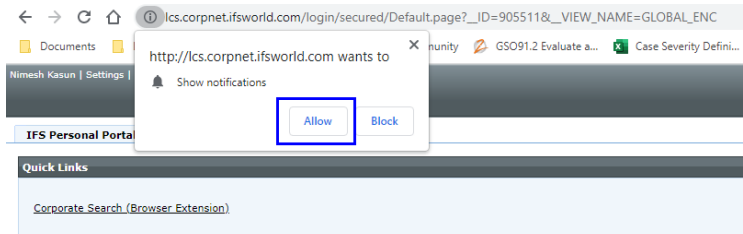

Interested in cool new Chrome features? Try our [beta channel](#).

Available	Unavailable
<div><p><b>Insecure origins treated as secure</b></p><p>Treat given (insecure) origins as secure origins. Multiple origins can be supplied as a comma-separated list. Origins must have their protocol specified e.g. "http://example.com". For the definition of secure contexts, see <a href="https://w3c.github.io/webappsec-secure-contexts/">https://w3c.github.io/webappsec-secure-contexts/</a> - Mac, Windows, Linux, ChromeOS, Android, Fuchsia, Lacros</p><div><a href="http://lcs.corpnet.ifsworld.com">http://lcs.corpnet.ifsworld.com</a></div><p><a href="#">#unsafely-treat-insecure-origin-as-secure</a></p></div>	<div><p><b>Enabled</b></p></div>

- III) Click on the 'Relaunch' after the above settings. This will restart the browser.

- IV) Go to the EnC Dashboard via LCS web and **Allow** notifications.

- a. If the site didn't ask for permissions, you might check and allow notifications manually using the below URI via the browser.

<chrome://settings/content/siteDetails?site=http%3A%2F%2Flcs.corpnet.ifsworld.com>
